

PreK 3 E-Learning Mrs. Karpinski

Communication: Weekly lessons are posted every Monday on our classroom Shutterfly site. A daily email is sent with updates including Storytime with Mrs. Karpinski and any additional resources. Weekly Zoom “meetings” will also continue to be scheduled as a way to virtually interact with classmates. Mrs. Karpinski is available on school days from 9:00am to 3:00pm at mkarpinski@bcachicago.org

Resources:

Our [PreK 3 Shutterfly Site](#) contains a remote learning tab where weekly assignments can be found. Assignments are linked to all necessary resources, including worksheets, recommended websites, literature read alouds and photo albums. Parents are encouraged to add pictures of their children at work and play. Parents will be able to find passwords for online resources here. Resources that have previously been emailed will be compiled and added to this site.

[Big Day for PreK](#) integrates literacy, phonemic awareness, science, math and fine/gross motor skills in thematic units. Assignments related to these skills are included in our weekly plans. Parents are encouraged to access the Family Space for printable resources designed to support all areas of learning.

Daily printing and counting practice is encouraged. A weekly writing prompt is included to allow students to creatively express themselves through dictation and illustrations.

[My Big World](#) - Science and social studies skills are supplemented with our Scholastic program. Current and archived articles, videos and learning games are available to help build knowledge and skills.

[Stories of God's Love: PreSchool](#) and [The Beginner's Bible Series](#) are religion resources. *The Stories of God's Love* booklets will be scanned and included in our remote learning file.
